A TERRIBLE OUTRAGE.

An American Citizen Kidnaped and Shot by a Mexican Rival in Love.

GALVESTON, TEX., July 29.—Francis Rasmus, the naturalized American citizen who was arrested and surrendered night before last without a hearing by County Judge Hoffstetter, upon arrest of Chief of Police Mondragon, of Piedras Negras, Mex., that he was a horse-thief, was taken from the Mexican prison eight hours after his incarceration, carried two miles below Piedras Negras, with his hands tied behind him, and brutally shot and buried at the command of Mondragon. The secret underlying this infamous outrage is that Rasmus had won the affections of a woman of whom Chief Mondragon was enamored. Mondragon swearing vengeance, detailed two of his trusty lieutenants one night to murder his rival. Rasmus badly disabled his assailants and escaped to Eagle Pass. Mondragon, however, determined his removal, trumped up a charge of horse-stealing against him, and had him extradited and shot. The night that Rasmus was delivered to his lieutenants to execute Rasmus. The victim in a pathetic letter appealed to United States Consul Lynn to save him, saying he was an American citizen, guileless of any transgression against any law, and that Mondragon had had him arrested to gratify his vengeance. This letter was delivered to Consul Lynn ten hours after its author had been basely shot. Consul Lynn has telegraphed the facts of the case to Secretary Bayard.

GREAT STORM.

It Swoops Down Upon Columbus, Ohio.

Rolling-Mill and Many Other Buildings Wrecked—Workmen Dangerously Hurt.

COLUMBUS, O., July 30.—A regular tornado struck this city this afternoon. Buildings were unroofed, trees unroofed, chimneys blown over, windows knocked out, streets flooded, sewers washed in, and sad havoc generally was played. The most serious damage occurred at the Columbus Rolling Mill, in the northwest part of the city. This building—a frame structure 300 feet long by 110 feet wide, covered with a slate roof—lies an indescribable mass of ruins. There were only thirty-five men employed about the mill. The wind was sweeping over the open ground from the northwest with tremendous fury, bending trees and filling the atmosphere with debris of all kinds. There was a great roaring sound, and the most minute the great ventilator on top of the roof was lifted up and dropped down, falling through the roof. A moment later the roof itself was up in the air as if by magic. The employees, when they heard the cracking of the roof-timbers, made a wild rush to get out of the building, and most of them succeeded, although when they got out they scarcely knew where to go, the air was so full of flying pieces of slate and other debris. Edward Blackly had a miraculous escape. He was in the center of the building, and, being unable to get out, took refuge under a large beam. The beam struck him, but he escaped uninjured, the beam protecting him from the falling timbers. Seven or eight workmen were severely, and two or three seriously wounded. The immense brick structure used as a union depot was also greatly damaged. Almost the entire roof was carried away, and, remarkable as it may appear, with the hundreds of people in the depot at the time, but one is known to have sustained serious injuries.

New Hampshire's Supreme Court Opposed to Salvation Army Street Parade.

CONCORD, N. H., July 30.—The Supreme Court today rendered a decision denying the right of the Salvation Army to beat a drum in the streets of any city, town or village of the State. The statute forbids drum beating except under the command of a military officer. The defendants claimed that they were acting in obedience to the dictates of the consciences and as an act of religious worship. The court held that this was no defense, and that no act of religious worship can be allowed to disturb the public peace or violate reasonable police regulations.

It Was Good Dynamite, Sure Enough.

CHICAGO, July 30.—A dynamite exploding excursion party was organized to go out on the lake this morning, to test some Anarchist bombs found in different parts of the city. A stream of water six feet in diameter shot 100 feet into the air when they were set off. Hundreds of fish were thrown into the air with the steam, and the surface was covered with dead ones.

PLAYING WAR.

A Realistic Sham Battle at Lafayette, Ind.

LAFAYETTE, IND., Aug. 1.—Yesterday was the "sham battle," and the crowd in attendance was estimated at forty thousand. The evolutions and movements in the sham battle were splendidly executed, and the glory and terror of war were portrayed more vividly than ever before, save upon the field of actual conflict. Regiments, in lieu of companies, were opposed to each other, and the spectators got as excited as the militia participants. When the twelve pieces of artillery and six galling guns opened fire, half the people lost their senses. Old veterans hurrahed, and tears coursed down their cheeks as they remembered how they had witnessed encounters of real fighting at Chickamauga, Gettysburg and Shiloh. Colonel Loder, of the regular army, says it was the most realistic exposition of the noise and blaze of battle he ever saw. The glittering arms, dancing plumes, awful din and roar of artillery, with an everlasting crack of guns made the welkin ring. The boys did nobly, and no wonder. No accident happened, and the whole affair went off superbly in a magnificent style. Thirty of the militia were overcome by the heat during the engagement, and one died today.

HEROIC DEATH.

A Young Woman Saves Three Persons From Drowning, and Going Back After the Fourth is Seized and Dragged Under.

ST. PAUL, MINN., Aug. 1.—A Butte, Montana, special, gives the particulars of the drowning of Miss Jane McArthur, formerly of that city, in a heroic effort to save the lives of others. For a year past she has been conducting a cattle ranch on the Upper Sun river. With her old mother she was encamped on the bank of the river when Judge Armstrong, with his wife, daughter of fifteen years, son of twelve years, and a splinter sister, attempted to ford the river with a four-horse team. The horses became unruly, ran into deep water and spilled the family into the rapid current. None of them could swim. Miss McArthur seeing the accident, plunged in and saved the son, daughter and mother. Going back for the sister she was seized in a death grip by the drowning woman and both were lost.

Irish Riots.

BELFAST, Aug. 1.—A riot occurred last night between Orangemen and Catholics. A band of music marched through the streets at about seven o'clock on its way to meet several hundred children belonging to Protestant Sunday-schools, who were returning from an excursion. The band was followed by a large crowd which greeted an assemblage of Catholics, who were waiting on Carrick hill to see the procession, with a series of groans mingled with taunts and jeers. The Catholics replied to this obnoxious salutation with a shower of stones, and the mob accompanying the band retaliated in return. The police were soon upon the ground and endeavored to disperse the crowd, but the number of Orangemen rapidly increased and forced the Catholics from the hill. They then turned their attention to a big tavern, kept by a Catholic named McKinnay, which they completely gutted, leaving not a pane of glass unbroken nor an article of furniture intact. The police made frequent charges upon the rioters, but were in every case repulsed by showers of stones, and many of them were severely hurt. Leaving McKinnay's Hotel a wreck, the rioters attacked a hotel, and the mob tore up the pavement stones, obtained at the officers, driving them from the scene. The police rallied, and were ordered to fire into the mob, which they did with guns loaded with buckshot. The rioters then fell back sullenly, disclosing the fact that many of them had been hit and some seriously wounded. The police fought with terrific bravery and at fearful odds, scarcely one of them being hurt in the fighting. Many of them were badly cut with knives and pieces of glass in the hands of the rioters, and some of them were almost entirely stripped of their clothing.

Fatal Prize Fight.

LONDON, Aug. 1.—A prize fight took place at Rhonda, Wales, on Saturday, between two well known boxers, named Evans and James. Thirty-two rounds were fought, during which both combatants were fearfully pounded. James was declared the winner, and Evans was carried from the ring unconscious, with blood flowing from a hundred cuts, and his face watered out of all semblance of a human visage. He was placed in a carriage and driven to his home, but died from his injuries before reaching there.

INDIANAPOLIS, IND., Aug. 1.—Dr. Dinke Walter, a prominent German druggist, was assaulted and vigorously cowhided by William Reger as the former was entering the German Lutheran Church this morning. THE COMMONWEALTH.

Louisville Leaf Tobacco Market.

Barly tobacco has had a brisk, healthy movement, with prices ruling somewhat higher in common and low medium grades of leaf and in lugs and trash. Other grades are notably unchanged, but firm, with the solitary exception of light cutting kinds. There have been complaints of drought from several sections, and apprehensions are apparently justified, but probably no important definite damages have been sustained. The growth, especially on rolling or hilly lands, has been checked, and there is some talk of butting. The crop is in a clean, and, with these exceptions, healthy condition. We reduce dark and heavy styles 25c from common lugs to common leaf, and advance Burley 25c from trash up to medium leaf, inclusive. We quote 1885 tobaccos as follows for full-weight packages:

	Dark and Heavy.	Burley.
Trash.....	\$1 75 @ 2 25	\$3 00 @ 3 75
Common lugs.....	2 50 @ 3 00	4 75 @ 5 00

Miscellaneous Items.

MAYOR FRANK, of Maysville, is becoming a terror to evil doers. Sixteen negroes were tried before him the other day for riotous conduct and fined \$50 apiece and costs, amounting to over \$800. The crowd banded together, armed themselves with pistols and guns and started out to do up some white boys, against whom some of their number had a grudge. Some desperate criminals were in the gang, and the white boys did well to keep out of their way. Two of the gang, George Wilson and Henry Green, are wanted in Cincinnati for crimes recently committed there, and will be turned over to the police of that place as soon as they work out their fines. They are a tough lot.

A COLORED barber of Henderson, named Lloyd McFarland met with a very strange accident a few days ago, which resulted in his death a few days later. McFarland, who had but one leg, was standing on the river bank in the upper portion of the city, conversing with a friend, and tracing himself with his cane. The cane came in a way slipped into a hole, and McFarland fell backward, the cane entering his body and rupturing his lower bowels. He was conveyed to a neighboring house and a physician was summoned, who said a surgical operation must be performed or he could not recover. He refused to submit to an operation, and suffered terribly from the time of the accident to his death.

The monument erected to the memory of James Francis Leonard, the first practical sound-reader in telegraphy in the world, was dedicated at Frankfort, recently. A large number of distinguished people were present.

POMP ARNETT, colored, was shot and killed by his brother, Rice Arnett, at Zion. The quarrel which precipitated the murder, arose from Pomp's alleged intimacy with Rice's wife. Pomp was drunk when the killing occurred. The murderer is in jail.

AT an early hour the other morning two fishermen, who were rowing in a skiff under the Sand Island bridge, Louisville, heard a shriek from above, and looking up saw the body of a man whirling rapidly through the air. In a twinkling the man had gone head first into the river, and the fishermen waited for him to come to the surface, which he did in five seconds, spluttering and floundering like a porpoise. He was quickly gathered into the boat and taken ashore, where he was found to be quite drunk. His name, it seems, is George Hart, and his home is Salem, Ind. He arrived in Louisville the day before, and fell among the Philistines. They filled him gloriously full of liquor, and he started aimlessly over the bridge in a very hilarious condition. He had not gone very far before his hat blew off in the river. In his drunken idiosyncrasy he thought it would be a funny thing to jump in after it, and he jumped—a distance of about ninety feet—and was not injured. He would have certainly been drowned, however, but for the timely arrival of the two fishermen. The fall into the water would have killed him any way but for his drunkenness.

GEORGE W. CLAYTON, who tried to jump an outgoing train on the Kentucky Central, at Covington, the other day, and had his feet mashed by the wheels, has since died. He had suffered amputation of his foot, and death resulted from this and the previous nervous shock.

THE other night Levi Chambers an Internal Revenue Store-keeper, who is a victim of somnambulism, got out of his bed at his hotel, in Louisville, dressed himself and walked out on a little veranda. The veranda gave way and he was precipitated to the sidewalk below, a distance of forty feet. His right leg was broken above the hip and his face badly cut and crushed. Chambers is an elderly man and has suffered a great deal from rheumatism. His injuries will probably prove fatal.

THE other night the depot at English, Carroll County, a station on the Louisville and Cincinnati Short Line, was burned. Origin of the fire unknown. T. M. Jones ran a general country store in the depot, and lost every thing. The post-office was kept in the building, and it was burned.

THE city of Frankfort will be one hundred years old next October, and her citizens propose to celebrate the event on Wednesday, the 6th of October, 1887, with such unique and imposing ceremonies as become the capital city of a great State. In addition to a dozen or more centennial orations and poems by the most distinguished orators and poets of the age, in which such men as Colonel John Mason Brown, Colonel W. C. P. Breckinridge, Judge John M. Harlan, Governor T. T. Crittenden, United States Senators J. C. S. Blackburn and G. G. Vest, and James B. Beck, Governor R. M. Bishop, of Ohio, and Mayor H. T. Stanton and Dr. Robert Morris will likely participate, and the usual amount of centennial odes and songs by the lovely women of Frankfort and Central Kentucky, there will be other features of this centennial as unique as they are attractive.

The southern portion of Texas is in an unusual state of excitement in consequence of the kidnapping and killing of a Texan stage driver who had committed some petty offense within the Mexican border. Gov. Ireland has written to the Seat of State asking him to look into the matter.

J. D. Pickett, Superintendent of Public Instruction, makes the following announcement, to which he calls the attention of all educators and of the interior newspapers.

The three State Institutes, required by the school law, have been fully provided for by the State Board of Education; and the Third Superior Court District Institute will be held at Salversville, beginning August 4th and continuing through August 25th.

Prof. W. B. Wylie, Superintendent of Schools, Bowling Green, Ky., will conduct the Institute.

Gov. Knott has written a letter to the Judge of Rockcastle county, stating at length his refusal to comply with the Judge's solicitation for soldiers to help maintain peace and quell petty disturbances in certain localities.

We indorse unqualifiedly the position of the Governor in this matter. We believe there are a sufficient number of good and brave men in every county and locality to enforce the law. And if such a stand had been taken by the Governor towards Rowan and the local authorities made to know that they must depend upon themselves and resources within their own grasp to maintain order, we believe a more vigorous policy would have been adopted by the good citizens and Rowan would have saved herself the terrible reputation of having soldiers quartered in her midst to keep men from fighting.

Hurrah for Kentucky!

[Washington Critic.]

The following item, accompanied by a jug with a corn-cob stopper in it, was received from Kentucky this morning:

"Our pious and proper brethren of Vermont may lift their hands in holy horror every time they hear of a blood-spilling bee in Kentucky, but if they will look at the last intentional revenue statement from Commissioner Miller they will discover that Kentucky contributes five hundred times as much cash toward the maintenance of the peace and dignity of Nation as Vermont does, and has a right to raise five hundred times as much as that State does. Don't you think so, Mr. Editor?"

Later: We have sampled the jug. Hurrah for Kentucky! We can wipe the ground up with anything that walks on two legs in Vermont. Whoopee!

Cost of the White House.

Many people believe that the \$50,000 a year which the President gets as his salary is the sum total. This is a mistake. The estimate of the amount which Congress is to appropriate this year for the President. We see that \$36,084 is asked for him, in addition to his salary of \$50,000, to pay the salaries of his subordinates and clerks. His private secretary is paid \$3,250, his assistant private secretary \$2,250, his stenographer \$1,800, five messengers each \$1,200, a steward \$1,800, two door-keepers who each get \$1,200, four other clerks at good salaries, one telegraph operator, two ushers getting \$1,200 and \$1,400, a night usher getting \$1,200, a watchman who gets \$900, and a man to take care of fires who receives \$864 a year. In addition to this there is set down \$8,000 for incidental expenses, such as stationary carpets and the care of the President's stables. And further on, under another heading there is a demand for nearly \$40,000 more. Of this \$12,500 is for repairs and furnishing the White House, \$2,500 for fuel, \$3,000 is for the green-house, and \$15,000 is for gas, matches and the stables. The White House, all told, costs the country, in connection with the President, considerably over \$125,000 a year—San Francisco World.

D. LANCELL'S ASTHMA AND CATARRH REMEDY.

SOLD BY ALL DRUGGISTS.

Having struggled 20 years between life and death with ASTHMA or PHTHISIS, treated by eminent physician, and receiving no benefit, I was compelled during the last 5 years of my illness to sit on my chair day and night gasping for breath. My sufferings were beyond description. In despair I experimented on myself by compounding roots and herbs and inhaling the medicine thus obtained. I fortunately discovered this WONDERFUL CURE FOR ASTHMA AND CATARRH; warranted to relieve the most stubborn case of ASTHMA IN FIVE MINUTES, so that the patient can lie down to rest and sleep comfortably. Please read the following condensed extracts from unsolicited testimonials, all of recent date:

Oliver V. R. Holmes, San Jose, Cal. writes, "I find the Remedy, all and even more than represented. I receive instantaneous relief."

E. M. Carson, A. M., Warren Kan., writes: "was treated by eminent physicians of this country and Germany; tried the climate of different states—nothing afforded relief like your preparation."

T. E. Gates, County Treasurer, Philadelphia, Miss., writes: "Have used the remedy. Would not live without it. Every one that uses it recommends it."

L. B. Phelps, P. M., Griggs, Ohio, writes: "Suffered with Asthma 40 years. Your medicine in 3 minutes does more for me than the most eminent physician did for me in three years."

Ayer's Cherry Pectoral

Should be kept constantly at hand, for use in emergencies of the household. Many a mother, startled in the night by the ominous sounds of Croup, finds the little sufferer, with red and swollen face, gasping for air. In such cases Ayer's Cherry Pectoral is invaluable. Mrs. Emma Gedney, 159 West 123 st., New York, writes: "While in the country, last winter, my little boy, three years old, was taken ill with Croup; it seemed as if he would die from strangulation. Ayer's Cherry Pectoral was tried in small and frequent doses, and, in less than half an hour, the little patient was breathing easily. The doctor said that the Pectoral saved my darling's life." Mrs. Chas. B. Landon, Guilford, Conn., writes: "Ayer's Cherry Pectoral

Saved My Life,

and also the life of my little son. As he is troubled with Croup, I dare not be without this remedy in the house." Mrs. J. Gregg, Lowell, Mass., writes: "My children have repeatedly taken Ayer's Cherry Pectoral for Coughs and Croup. It gives immediate relief, followed by cure." Mrs. Mary E. Evans, Scranton, Pa., writes: "I have two little boys, both of whom have been, from infancy, subject to violent attacks of Croup. About six months ago we began using Ayer's Cherry Pectoral, and it acts like a charm. In a few minutes, after the child takes it, he breathes easily and rests well. Every mother ought to know what a blessing I have found in Ayer's Cherry Pectoral." Mrs. Wm. C. Reid, Freehold, N. J., writes: "In our family, Ayer's medicines have been blessings for many years. In cases of Colds and Coughs, we take

Ayer's Cherry Pectoral,

and the inconvenience is soon forgotten." PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

TO PHYSICIANS PRACTICING THEIR PROFESSION IN LAWRENCE CO., KY.:—I respectfully call your attention to an act requiring that you report all cases of cholera, smallpox, scarlet fever, diphtheria or other epidemic disease occurring in your practice to the Board of Health of Lawrence county. If you obey this law the Board will be better enabled to take steps necessary to prevent the spread of contagious diseases in this county.

F. W. WEIR, M. D.
Health officer of Lawrence co.

The Campmeeting is in progress, with a slightly increased attendance. There was a considerable crowd on the grounds Sunday, attracted by the announcement that Dr. Rivers, of Louisville, would preach. The doctor failed to materialize, however, and the gap left was filled by Bro. Jackson, of Catlettsburg. Brother Jackson preached an excellent sermon which the congregation enjoyed very much. Rev. John T. Johnson preached in the afternoon and Bro. Lauck at night. Rev. Cadesman Pope, of Millersburg, is killed for next Sunday, the last day. If Congress adjourns in time Hon. and Rev. Pres. Taulbee will be here.

Our village is full of visiting young ladies just now, and desiring to show his appreciation of their presence Col. Northup invited them and our resident girls to take a trip to the Peach Orchard mines. These in turn invited the boys, and on Friday last, chaperoned by one or two of our married belles, the lads and lassies boarded the 9:46 train, and with light hearts and heavy baskets started for their destination. Parties from Ashland, Catlettsburg and Cincinnati were on board, and these with the others spent a day of unalloyed pleasure. No accident occurred to mar their happiness, and all returned safe and sound. To their kind host they tender a thousand thanks for his thoughtful kindness.

General Fayette Hewitt, Auditor of State, was in Louisa Sunday and Monday, the guest of Col. Northup and Senator Wallace. He was at camp meeting Sunday, making numerous acquaintances who were much pleased with his genial, courtly manner. In the afternoon Col. Northup invited several gentlemen to accompany the General on a trip to Peach Orchard. About one o'clock the party started on their pleasant journey, stopping en route to inspect the Griffith's creek gas well. Bro. Rigdon, genial and pleasant as usual, was of the party, and to him the gentlemen are indebted for information concerning wells and compressors. At Peach Orchard the mines were visited, and returning Louisa was reached about four o'clock, the gentlemen expressing themselves as having had a very pleasant time.

THE ELECTION.

The Democrats of this judicial district and this county have not covered themselves with glory, but we do not propose at this time to enter into a discussion of why they failed to wear the laurel.

The returns are not in, but we know enough—in fact we know a little too much. John M. Burns is elected beyond any doubt, by a majority away up in the hundreds. It was said before the election that if Brown was defeated it would be done by Weddington. In our opinion Robert had very little to do with it. Burns' majority in this county is in the neighborhood of three hundred.

S. H. Burton, Republican, is elected County Judge by a majority of about one hundred and fifty. R. O. McClure is probably elected County Superintendent of Public Schools, but the vote is so close it will take the official count to settle it. All the other Republican candidates, with the exception of William Christian, are defeated by varying majorities. The County Commissioners elected are John Hays, Ely Fitch, Democrats, and William Christian, Republican. Luke McGuire and William Cartmill were elected Justices of the Peace, and Ulysses Wilson Constable of this district.

LATE.—Just before going to press we were informed that an error had been discovered which elects H. T. Lyttleton by a very few votes.

The weather was hot, but the election was hotter.

Not one-fourth of the voters knew who were candidates for magistrate, and nine-tenths were very slow in making up their minds whom to vote for.

Four hundred and seventy-two votes were polled at this precinct. There was a great deal of crowding around the polls, and many were unable to vote, but everybody was in a good humor and there was not a single fight.

This precinct should have two voting places, or else elect the justices some other time.

The late legislature passed a law to punish bribery in elections.

The amount of scratching done last Monday would do credit to a colony of hens or an army with the itch.

B. & B.—Burns and Burton.

There is at least one Christian elected in Lawrence County.

Our candidate for County Clerk was elected on account of his "Shape".

The "Sparks" went out.

In our town election Henry Wise Ferguson was elected Police Judge and Sam Pigg was re-elected marshal.

The Democracy of Boyd county have something to be proud of. With the exception of sheriff and coroner they elected the entire county ticket.

At the election in Martin county the entire Independent ticket was elected, including three Democrats. The people of this section will be glad to hear that George W. Hale was elected to both Clerkships.

Last Saturday night at a "platform" dance at Walter Carter's, in this county, Neal Wolf was dangerously stabbed in the throat. In the difficulty he was also struck on the head with an ax-handle. Suspicion pointed to Wes and Tom Carter as being the assailants, and they fled. Constable Lys Wilson and a posse followed them to Denton, Carter County, where they were arrested, taken before a justice of the peace and by him turned over to Wilson. They were safely landed in Lawrence county jail Wednesday morning, and on Saturday will be examined on a charge of maliciously cutting and wounding with intent to kill.

"Although some flowers of Eden we still inherit the trail of the serpent is over them all." Sickness and sorrow mark our pathway and make of life a pilgrimage through a vale of shadows. Some evils we can successfully combat if we choose the right weapon and when afflicted with Piles can find a certain remedy in Tabler's Backeye Pile Ointment.

Late in the afternoon of February 10th, 1886, as Fisher Marcum was going to his home on the waters of Morgan's creek, in this county, not far from Jack Marcum's, a shot rang out on the cold morning air, and he fell in the snow. Three or four hours from the time he fell he died from the effect of that shot. Almost with his dying breath he said, "Pud shot me—I am bound to die—I am shot through and through." "Pud" is James H. Marcum, also of Morgan's creek, who was arrested the next morning at Frank Burton's, on Rich creek, ten miles from the scene of the tragedy. Tom Carter, Pud's brother-in-law, was also arrested on the charge of being accessory, and to-day he is in jail waiting his trial, his case having been continued last term. Of him and his connection with the

murder we shall not speak, but of Pud's guilt there can be no doubt. And so thought twelve good men and true, for at the recent term of the Lawrence Criminal Court he was convicted of murder, with the penalty of death, and in due time he was by Judge Rice sentenced to be hung on the 22nd day of next October.

Outside of Fisher Marcum's dying declaration there was a chain of circumstantial evidence complete and unbroken. The defendant tried to prove an alibi, but beyond his own testimony he was unable to establish anything.

A motion for a new trial was over-ruled, but a bill of exceptions was prepared and the case will be carried to the Court of Appeals.

TO THE CHAIRMAN OF THE BOARD OF TRUSTEES OF THE TOWN OF LOUISA.—I respectfully call your attention to a list of nuisances heretofore reported by the Board of Health of this county, many of those nuisances still exist, and a due regard to the health of this community demands that your Board take immediate action looking to the suppression of all breeders of disease. As Health officer of this county I urge the importance of promptness in so vital a matter.

F. W. WEIR, M. D.
Health officer of Lawrence co.

White's Cream Vermifuge is pure white. There are also so called remedies that are white but there the similarity ends. There is nothing like White's Cream Vermifuge as a remedy for worms, and if your druggist seeks to give you any other preparation instead, of it beg to be excused and insist that you will have no other than White's Cream Vermifuge.

Medical men, both Allopathic and Homoeopathic, unanimously concur that the strong alkali contained in common saleratus and soda is detrimental to health, and pave the way for disease. They also concur that J. Monroe Taylor's Gold Medal Soda or Saleratus is the only perfectly harmless article in the market which can be relied upon. Use it with cream tartar. Call on the grocers for it. Their depot is 113 Water St., New York.

If you wish to arouse a woman's enthusiasm, or awaken her gratitude confer a benefit upon her children, and if you know or a little one who is the victim of worms, recommend the use of White's Cream Vermifuge, and thereby confer a favor which only a mother can appreciate. This remedy is the best worm medicine in the world.

USE HALL'S HAIR RENEWER.

It is a medicinal preparation, and, at the same time, an elegant and cleanly toilet article. Its action upon the scalp is healthful. It nourishes the glands which support the hair, and causes thin, dry hair to become thick, soft, and vigorous. It restores the color of youth to locks which have become faded with age or disease; and relieves and cures itching, caused by humors of the scalp. Dr. George Gray, Nashua, N. H., writes: "It gives me pleasure to testify to the wonderful effects produced by Hall's Vegetable Sicilian Hair Renewer, as observed by me in very many cases. IT WILL CERTAINLY RESTORE THE HAIR TO ITS ORIGINAL COLOR. It cleanses the head of dandruff, and leaves the hair soft, glossy, and beautiful." F. T. Sandhelm, 1019 Spruce st., Philadelphia, Pa., writes: "After unavailing trying a number of preparations to prevent my hair from falling out, and feeling that I was fast becoming bald, I tried, as a last resort, Hall's Hair Renewer. I have used only four bottles of the Renewer, and am perfectly satisfied that it is the best preparation in the market for checking the falling out of hair, invigorating the hair roots, and promoting a new growth."
